

P.U.(A) 328/86
FACTORIES AND MACHINERY (BUILDING OPERATIONS AND WORKS OF ENGINEERING
CONSTRUCTION) (SAFETY) REGULATIONS 1986
PART III - CONCRETE WORK

Regulation 31. Stripping.

- (1) Stripping shall not commence until the concrete is fully set in accordance with the Professional Engineer's specification and approved by him prior to such stripping.
- (2) Stripped forms shall be removed or stock-piled promptly after stripping in all areas in which persons are required to work or pass.
- (3) Protruding nails, wire-ties and other form of accessories not necessary to subsequent work shall be pulled, cut or otherwise made safe.
