

P.U.(A) 328/86
FACTORIES AND MACHINERY (BUILDING OPERATIONS AND WORKS OF ENGINEERING
CONSTRUCTION) (SAFETY) REGULATIONS 1986
PART XV - BLASTING AND USE OF EXPLOSIVES

Regulation 142. Warning before blasting.

Before firing the blaster shall sound a warning distinctly audible to all persons within the danger zone and all such persons shall retreat to a safe distance or to a safe shelter. No blast shall be fired while any person is in the danger zone as determined by the blaster.
