

P.U.(A) 328/86
FACTORIES AND MACHINERY (BUILDING OPERATIONS AND WORKS OF ENGINEERING
CONSTRUCTION) (SAFETY) REGULATIONS 1986
PART V - CLEANING, REPAIRING AND MAINTENANCE OF ROOF, GUTTERS, WINDOWS,
LOUVRES AND VENTILATORS

Regulation 40. Work on steep roofs.

(1) Where work is being performed on roofs having a slope greater than one in four, there shall be provided protection against sliding, consisting of roofing brackets or crawling boards.

(2) The provision of sub-regulation (1) shall not apply where every employee engaged in work upon such roofs is protected by a safety belt.
